Salt Lake City, UT

May 2027

- **Minor:** Business AI
- Cumulative 3.9 GPA, Dean's List

EXPERIENCE

Stout

San Diego, CA

Consulting Intern

June 2026 – August 2026

- Developed industry background and case context for formal expert reports by analyzing key parties, market dynamics, and the patents at issue in a life sciences and a consumer device patent infringement disputes
- Synthesized public sources and technical and legal documents into multiple market sizing models, including year-by-year penetration, growth, and share figures, to support infringement and damages analysis
- Supported damage analyzes using valuation methodologies, including reasonable royalty, income, market, and cost approaches

Lieutenant Governor, State of Utah

Salt Lake City, UT

Public Administration Intern

September 2025 – December 2025

- Conducted policy and regulatory analysis on municipal incorporation, coordinating with feasibility consultants through statutory review and final approval, with 5-year projections showing a 24% net revenue surplus
- Led process optimization of statewide notary documentation by redesigning reference materials, reducing ambiguity, improving compliance accuracy, and increasing administrative efficiency
- Supported policy analysis and cross-functional collaboration within the Lieutenant Governor's Office on key initiatives, including the statewide literacy program and the municipal election

Albany Engineered Composites - Aerospace Manufacturer

Salt Lake City, UT

Inventory Control Intern

June 2025 – August 2025

- Designed and implemented a data-driven inventory and material delivery system across 12 production zones, eliminating delivery-related downtime and improving operational throughput
- Led cross-functional teams across operations, logistics, and production to redesign material staging processes, develop SOPs, and drive sustainable operational adoption
- Delivered \$225K+ in projected annual labor savings through process optimization, cost analysis, and operational efficiency improvements

LEADERSHIP

Goff Strategic Leadership Institute – Trailblazer Project

August 2025 – December 2025

- Selected for a competitive, semester-long fellowship; led a student consulting team advising a local retailer to analyze profitability drivers and operational inefficiencies, working closely with a Slalom Director
- Conducted a comprehensive profitability analysis and presented data-driven recommendations to stabilize cash flow, improve margins, and implement improved analytics and accounting systems

NCAA Division I Men's Swimming Team – Varsity Athlete

August 2023 – May 2025

- Committed 20+ hours/week to training while maintaining a top 5% GPA in the department

Boy Scouts of America – Eagle Scout

The Woodlands, TX | January 2017 – September 2023

ACTIVITIES

Management Consulting Club – Member

February 2025 – Present

- Conduct weekly case simulations to build strategic frameworks and executive-level presentation skills

Crimson Projects – Amazon Web Services (AWS) Go-to-Market Campaign

September 2025 – December 2025

- Developed a go-to-market strategy for AWS public sector solutions, conducting market research, customer segmentation, and competitive analysis to improve government service adoption
- Created implementation-ready recommendations, including CX journey mapping, partner ecosystem strategy, and AI-enabled service design
